Western Plains Petroleum Drilling on Landrose Property

For Immediate Release

December 17, 2010

CALGARY, ALBERTA – Western Plains Petroleum Ltd. (TSXV:WPP) (“**Western Plains**” or the “**Company**”) announces it has drilled and cased a second well, and spudded the 3rd well, both wells part of its previously announced three (3) well drilling program on its property in the Landrose area of west-central Saskatchewan. These last two (2) wells are in-fill wells, adjacent to the Company’s three (3) producing heavy oil wells located on Section 6 - 50 - 25 W3M, with both expected to be completed and on production by year-end.

The first well of the three (3) well program was drilled and cased last week on the nearby Section 16-50-26 W3M, and is expected to be perforated and brought on production by the early next week. Western Plains is the operator and holds a 50% working interest in these three (3) Landrose wells.
